18 to 24 inches—25 to 35 lbs.

2 to 3 and 3 to 4 ft.—40 to 50 lbs.

5 feet and over—50 to 70 lbs.

Scottsville is in Harrison County, Northeast Texas, where nursery stock (along with natural plant life) becomes dormant in October, goes through normal low winter temperatures of 20 degrees above zero and does not break into spring growth until late February or early March, thus producing hard, fully dormant nursery stock which ships safely anywhere.

We sell at Wholesale Only—Not One Plant at Retail.
